Admission to Official List

Happy Face Health and Cosmetic Beauty Smile Ltd (FNSX:HFB) is pleased to announce its admission to the official list of the First Nations Stock Exchange. HFB is honoured to be recognized as a leading company with high compliance and international standards. We look forward to co-operation and continued expansion as a listed entity on the First Nations Stock Exchange.

The admission to the official list follows recent success in obtaining FDA approval for several key product lines and entry into the USA market. This listing will create recognition and verification of the high standard of product as we expand to new international consumers. It will also allow us for successful fundraising from international markets in USD currency to help with our further research and development.

We look forward to continued growth, commitment and excellence as we continue our international journey.
